

A COLLECTIVE AND INCLUSIVE RESPONSE TO THE SAHEL CRISIS

www.coalition-sahel.org

The Coalition for the Sahel aims to promote a comprehensive approach at the regional level including all levers and actors involved in the Sahel, whether they be security, political or development actors. The aim is to bring together the G5 Sahel States and all the countries, international organisations and institutions that provide support in the 4 pillars and share their associated objectives and values. This approach is supported by the Secretariat of the Coalition for the Sahel which promotes the exchange of information between pillars and maintains a constant dialogue with the authorities of the G5 Sahel countries and the Executive Secretariat of the G5 Sahel.

PILLAR 1 FIGHT AGAINST TERRORISM

France and the G5 Sahel countries are the joint leads for this pillar.

This pillar aims to coordinate all efforts to fight armed terrorist groups in order to improve the security situation and prevent any spread of the threat beyond the G5 Sahel States.

PILLAR 2 STRENGTHENING THE CAPABILITIES OF THE G5 SAHEL STATES' ARMED FORCES

The European Union has the lead for this pillar in close coordination with the G5 Sahel.

Within the framework of the effort to identify the priority needs of the Partnership for Security and Stability in the Sahel (P3S), this pillar aims to coordinate all training and equipment for national armed forces and the G5 Sahel Joint Force, including its provost component.

PILLAR 3 SUPPORT FOR THE RETURN OF THE STATE AND ADMINISTRATIONS IN THE TERRITORY

The European Union has the lead for this pillar in close coordination with the G5 Sahel.

Within the framework of the effort to identify the priority needs of the Partnership for Security and Stability in the Sahel (P3S), the aim of this pillar is to support the redeployment of the State, strengthening internal security forces and legal capabilities, in order to consolidate stabilization efforts.

PILLAR 4 DEVELOPMENT ASSISTANCE

The G5 Sahel and the Sahel Alliance are the joint leads for this pillar.

The aim of this pillar is to strengthen the delivery of basic services through decentralization, particularly in the most fragile areas. This will ensure coherence between all the bilateral and multilateral contributions.
